What I need to know by the end of this unit:

- How to make marks using a variety of materials and surfaces
- How to identify and draw different types of lines
- How to vary tone in drawings
- How to represent texture in drawings
- How to identify and create simple patterns
- How to draw shapes by enclosing space with lines

Vocabulary Focus:

Pattern - A pattern is when shapes, lines, or colours are repeated

Texture - Texture is the way a surface looks or feels, both visually and to the touch.

Tone - Tone is how light or dark a colour is.

Line - A line is a mark with length and direction.

Shape - A shape is the space enclosed by a line.

How have these marks been created?
