Times Tables Rock Stars (Years 2, 3 & 4)

Miss Young is always monitoring Times Table Rock Stars to see which children have been accessing their accounts the most! She has noticed a huge improvement in children's recall of multiplication and division facts when they regularly use Times Table Rock Stars.

If you would like your child to improve their times table knowledge and be in with a chance of winning a Rockstar badge next month, then make sure they go onto Times Table Rock Stars and play on Garage. This is the teacher set game where your child will find their personalised times tables for their year group. We will be looking out for the top earners. Good Luck!

CAMHS new website

A new mental health website for children and young people has launched! Find out about the support that NHS Child and Adolescent Mental Health Services in Herefordshire and Worcestershire offer by visiting:

SpeakOut survey for Black, Asian and minority ethnic families

On behalf of Early Intervention Foundation (EIF)

Most families need some support from time to time. [SpeakOut](#) wants to hear from young people and parents from Black, Asian and minority ethnic families on how easy it is to find the help you need, if the help is right for you, and how things could be made better.

We believe that every family should be able to get the support they need, when they need it, no matter their background.

[SpeakOut](#) is a [survey](#) for parents and young people. We want to hear your ideas about what would make the support available to you better. You can share your story anonymously through our [survey](#) as video, audio or text responses, in any language.

You can find out more on the [SpeakOut website](#) or by contacting speakout@eif.org.uk

What's happening in the world today?

We encourage children to read this together with their adults at home to develop their understanding of current news items and topics for discussion. We have included links to the UN Sustainable Development Goals against each story, which will help the children to see how they can have a positive impact in the wider world.

Xīnnián hǎo (新年好)

Happy New Year! Millions of people will be celebrating Chinese New Year, also known as Lunar New Year. This year the celebration will start on the 1st February and lasts for up to 16 days. The reason the new year falls at this time is because it marks the start of the lunar new year, which is when there is the start of a new moon.

It is one of the biggest events of the year for many East and South East Asian people and it will be marked by communities all over the world. People will eat lots of food, enjoy fireworks, wear special clothes and hang red lanterns to mark the occasion.

This year marks the change from the year of the Ox to the year of the Tiger. There are 12 animals in the Chinese zodiac – do you know which animal year you were born in – click [here](#) to find out.

A pudding fit for a Queen	First class invention
On 6th February, the Queen will have reigned for 70 years – she is the first British monarch to reach this milestone. The Queen has announced a special competition ahead of her Platinum Jubilee later this year. The nationwide competition aims to find the perfect pudding that can be served for her Jubilee and beyond. The winning recipe will be made available to the public and the pudding will be enjoyed during the Jubilee weekend, and for generations to come. What kind of pudding do you think the Queen would enjoy? What type of events do you think deserve a celebration?	The invention of postage stamps more than 180 years ago transformed the way people sent and received letters. Now they are being brought into the digital age, with barcodes being added to everyday Royal Mail stamps. From Tuesday people will be able to scan the codes using the Royal Mail app and watch an animation featuring Shaun the Sheep. Eventually it will be possible to watch videos and even greetings from senders.
