Get your child's voice heard and make a difference

The Children's Commissioner for England, is launching a once-in-a-generation review of children's lives. It's called 'The Childhood Commission' and it will identify the barriers preventing children reaching their full potential and propose policy solutions to address them.

At its heart is 'The Big Ask' – the largest ever consultation held with children. In this survey the Children's Commissioner is asking children and young people what they think is important for their future and what is holding young people back. The Children's Commissioner will use what children and young people tell her to show the Government what they think and what they need to live happier lives.

It's an exciting opportunity to help us think big and it's a chance for every child in England to have their voice heard. We will be talking about this in school during your child's PSHE lesson and showing them the following video.

Please support this opportunity by completing this online survey with your child/ children at home through the following link by the **Wednesday 19th of May**.

There will also be a Seesaw homework assigned which will include the links you need.

Walk to School week is back next week—17th May 2021. We would like your help to get our children moving and encourage them to be more active. It's also really important to keep roads around schools safe from dangerous traffic and air pollution. Lets get walking, cycling and scooting to school to help achieve this while also helping children meet part of the recommended 60 minutes of physical activity a day and improving mental health and concentration levels.
